

CARE INSTRUCTIONS

BASE

For dusting and light cleaning use a soft, dry cloth. For further cleaning, use a soft cloth that is firmly wrung in clean water for gently wiping the surface, and then immediately use a dry cloth to wipe the surface again. If more thorough cleaning is necessary, use a mild liquid soap dissolved in water on a firmly wrung cloth to wipe the frame. Afterwards, repeat the process with clean water as described above

UPHOLSTERY

For cleaning the upholstered surface, first try to brush off the dirt gently. If this is not enough then vacuum the surface. If further cleaning of the padding is needed, a stain remover is recommended. The cleaning has to be gentle and must always be tested on the most invisible area of the surface before the actual cleaning. Avoid blotches by gentle, circular rubbing towards the stain. To avoid stains, quickly remove the dirt with a piece of absorbing household wipe and clean with water and colourless washing-up liquid.

Do not use the following products for the padding:

- Undiluted cleaning liquids.
 - Bleach.
 - Ammoniac.
- Soap for hard surfaces.

For further cleaning guidance, refer to information regarding the specific textile.
