

CARE INSTRUCTIONS

Wipe the parts with a damp cloth soaked in warm water and a bit of mild detergent. Use only soft cloth for wiping and polishing, never sponges or steel wool. Do not use abrasive household cleaners. Do not use acidic or alkaline cleaning materials, glass cleaner or household ammonia.

TROUBLESHOOTING

If lamp does not light, turn off the power. Check the bulb for a broken filament. Replace bulb if necessary, then turn it on.
If the lamp still does not light, please contact customer service at the local dealer.
